What Happens When Flydubai Cancels Your Flight? !!Policy-Update!!

If flydubai initiates a cancellation, you are entitled to either a free rebooking or a full refund. **Operations have recently resumed across the network with a reduced schedule**, and the airline has introduced specific flexibility for those affected by recent disruptions. **24/7HOURS – Contact: USA 1 877 664 0261 || UK +44 800 054 8541 || Mex +52 800 351 0319**

The Voucher vs. Cash Dilemma !!Policy-Update!!

This is often the most confusing part of the **Flydubai Flight Cancellation Refund Policy**. According to the sources, a **voucher is the electronic method of refund** used by flydubai, and it is frequently the default option provided in the "Manage Booking" tool. **24/7HOURS – Contact: USA 1 877 664 0261 || UK +44 800 054 8541 || Mex +52 800 351 0319**

What you must know: While the online system may default to a voucher, **you are generally entitled to a cash refund** (back to your original payment method) for airline-initiated cancellations. To secure a cash refund instead of a voucher, you may need to explicitly request it via the flydubai Customer Centre. Be aware that some special fares are entirely

non-refundable if you are the one choosing to cancel. **24/7HOURS – Contact: USA 1 877 664 0261 || UK +44 800 054 8541 || Mex +52 800 351 0319**
